

Safe Home Decontamination

Super Inspector and *Super Concierge* are now offering **Safe Showings/Move-In Services**. This two-phase decontamination service can enable realtors to help clients overcome the fear of having other people in and out of the home. Schedule our *Super Home Checkup and Renovations* team to come in after a day of showing or following an open house and return a safe, clean home to the owners.

Starts at \$149!

Ozone uses oxidation to destroy mold, viruses, bacteria, pollen and odors that live in your air.

UV uses wavelengths to alter the DNA of molds, viruses and bacteria rendering them benign.

Professional Home Inspection

Phase 1: Air Decontamination – Utilizing a combination UV Light/Ozone emitting air decontamination unit. UV light can help eliminate harmful bacteria and viruses that can suppress the immune system through molecule mutation that will render toxins benign, while ozone uses oxidation to destroy mold, viruses, bacteria, pollen and orders that live in the air and on surfaces.

Phase 2: Surface Disinfecting – Afterward we will apply disinfecting solutions to elevated surfaces and commonly shared components, including faucets, doorknobs, switch cover plates, flush handles, countertops, tables, chair backs, microwaves, and range and refrigerator handles. This combined service is an effective way to control and slow the spread of COVID-19.

To maintain cleanliness, we encourage homeowners to adopt a daily regimen of cleaning and disinfecting following the initial decontamination service. For personal residences this means the best way to disinfect your home is to practice safe, social distancing, wash your hands regularly, before and after most activities around the house, and apply an approved disinfecting solution to high traffic, commonly shared household surfaces on a daily basis.

Please Note: The Safe Showing Services decontamination treatment requires the home to be unoccupied by people, pets and plants for a minimum of three (3) hours.

Call our *Super Inspector* at 940-367-1708 or *Super Concierge* at 817-687 for more details and to schedule a safe showings home decontamination.
